

Proposed Louisville DMM Training Schedule

For Conducting Trainings During the 3/3rds Group Time

Introduction: We recommend that you stage one training session every 4th week or so in your 3/3rds group. You can do this by opening with prayer; go straight to the “check up”; quickly cast vision in a minute or so; then in the second third stage the training. For the last 3rd, ask each participant to pray and ask God how they will implement the training in their lives and/or ministries.

The training materials are available on our website (<http://3thirdsmovement.com/documents>) and we're happy to MAWL these materials to you and your group.

1. Tell Your Story – Share Your testimony
2. Discipleship Principles
 - a. Duckling Discipleship
 - b. Candle illustration
 - c. Who is really mature?
3. Share the Gospel – RAMP

Training block: The next 4 trainings could be done, consecutively, so that Self-feeding, SOAPS journaling, and the prayer wheel are all done in 4 weeks.

4. Self-feeding (part 1 of 2) - Reading the Word and Prayer
5. Self-feeding (part 2 of 2) - Body Life and Persecution
6. SOAPS Journaling
7. Prayer Wheel/Listening to God from Book of John

Training block: The next 2 trainings could also be done consecutively, so that discipleship chains and the MAWL cycle are finished in 2 weeks.

8. Discipleship chains and be in 2 groups
 - a. Discipleship Chains
 - b. Being Part of two churches/groups
 - c. The Great, Greater and Greatest Blessing. 3 John 4
9. The MAWL training cycle – MAWL in a 3/3rds group

The following are probably better taught individually rather than consecutively:

10. Accountability Group/CHAT Group
11. Stewardship of Relationships - List of 100
12. Eyes to see where the Kingdom Isn't / Looking for the Person of Peace
13. Prayer Walking – Bless prayer

Using the above schedule one could work through the training in about a year. Note that there is also a training sheet for the 3/3rds group format, itself. It is good to go through this individually with the initial leaders of the group.

Advanced trainings: these are important and should be given. They can be given at any time.

1. Faith
2. BADWR – Be a disciple worth reproducing
3. DMM PowerPoint – this tool helps cast vision and tells the “Why” of a DMM
4. Vision casting training
5. Baptism – how to prepare someone for baptism

Advanced Trainings: For those who wish to start simple churches:

6. Simple Church – LG, LP, MD
7. Being a Church:
 - Fellowship-eat together, one another passages
 - Praise & Worship
 - Bible (obey, train)
 - Telling people about Jesus (share)
